The authors regret to note two errors in Figure 1:

Under the parameter “Frequency” the figure incorrectly stated, “Infrequent <24 days”; it should have stated, “Frequent <24 days”.

Under the parameter “Regularity” the figure incorrectly stated, “Irregular (shortest to longest cycle variation: ≥ 10 days)”; it should have stated, “Irregular (shortest to longest cycle variation: $\geq 8-10$ days) *”.
